
Delphi Xe2 Update 4 Download

Hello ODAC 8.1.6 is compatible with Delphi XE2 Update 4 , which is installed by most of our users. If we release the next version with Delphi .NET, then it will be compatible with Delphi XE2, but that's not the end. Delphi .NET was already compatible with Delphi XE2, so new versions of Delphi will support .NET for a long time to come. However, don't expect Delphi .NET to replace Delphi in the future. XE2. We believe that the future is in new technologies and programming methods, so our goal is to continue to support Delphi .NET and Delphi XE2 at the same time.
