Dark Deception Chapter 3-PLAZA

the scene opens with michaelis and evans sitting in the car. it is a dark grayish-black and the snow is falling in great white bursts on the street. michaelis is sitting in the driver's seat and evans is in the back seat, on a large, flat, cream-colored piece of cardboard that has a long crack in it. evans is looking down at his feet, and michaelis is looking out at the street. they are waiting. the reaper nurses is the final level of the game and is one of the more difficult challenges of the game. this dark chapter of the game is also noteworthy for its use of a few of the most compelling cinematic moments of the game. it is the scene of daisy's final confrontation with the reaper nurses which are full of tension as they go for her neck and tear it out of her mouth. this is not only a great scene but is also a nod to the story of the classic tale of romeo and juliet, from which the reaper nurses name is drawn. each reaper nurse bears a name that could be a reference to a famous character or a person from the past. the first reaper nurse is called the mildew reaper, and the second is called the fear reaper. the third reaper nurse is called the beast reaper. each reaper nurse bears a distinct personality which is presented in the unique ai. if you survive this encounter

with the reaper nurses you will find yourself in a short cutscene that will allow you to escape from the dark city. the remaining chapters of dark deception are all designed to be played in sequence. you will not be able to get back to the dark city unless you finish the game and unlock the dark city back in chapter 1. the "dark city" theme will be featured throughout the game, including in the opening cutscene and the loading screen. every chapter in the dark city introduces a new set of creatures that have their own unique ai, features, and challenges. once you get into the dark city, the number of nightmares in the game is limited only by your ability to survive and the number of lives you have. dark deception chapter 5 is the complete story and features a new ending. it is the first chapter in the game that has a branching story line that leads to a different ending depending on the choices you made in the game. this chapter includes a new type of enemy and adds even more horror as the dark city continues to fill with monsters and darkness. the ultimate goal of the game is to collect the souls of all the monsters and learn their dark secrets. 5ec8ef588b
